Trabelsi Prime Services Ltd. is hereby issued this registration under the Environmental Protection and Enhancement Act to offer a pesticide service involving the use and application of pesticides in accordance with the Pesticide Sales, Handling, Use and Application Regulation; the Pesticide (Ministerial) Regulation; and the Environmental Code of Practice for Pesticides.

Pesticide application services shall be limited to the following classes described in Schedule 5 of the Pesticide (Ministerial) Regulation:

Structural

The issuance of this registration is based on the information contained in the registration application submitted on 2026-04-20 15:34:51.

Written permission shall be obtained from the Director prior to any change in:

- the name of the operation, currently known as Northpoint Pest Management
- the classes of pesticide application activities offered by this operation,
- the location of the operation base at:

1242 16A St NW, Edmonton, Alberta, T6T 2S4 , NW-32-051-23-W4

- the use of temporary/mobile pesticide storage;
- insurance coverage for the pesticide application service activities, or
- the operation from information provided in the registration application.

Written notification shall be provided to Environment and Protected Areas at any time of change in the name of the certified pesticide dispenser(s) and/or certified applicator(s). A change in any of the above information, including the sale of the operation to another person or company, will result in automatic cancellation of the

registration. The registration is automatically re-instated when the service hires or employs a new dispenser/applicator with the appropriate class of certificate or the service obtains the appropriate insurance. For all other changes, a new or amended registration must be obtained.

This registration is not transferable and is valid from this date of issue until 2036-03-31, unless suspended or cancelled prior to that date.
